Big on taste.
Big on certifications.

ORGANIC, VEGAN, GLUTEN-FREE, KOSHER, NON-GMO, C.L.E.A.N., R.A.W., AND IF THERE WAS A CERTIFICATION FOR DELICIOUS, WE'D HAVE THAT TOO.

We have a big story. It's about a mother-daughter team using a plant-based diet to fight cancer. It's about wanting to share that transformative power to help others. It's about being mother-daughter owned and keeping the family spirit in everything we do. It's about feeling good about what you eat and spreading that feeling by giving back. And it's about food that tastes really good. Our story is bigger than a bar. A story big enough to make positive changes in people, and the planet. It's a story that we hope inspires something big in your story too.
