WELCOME TO WINDING ROADS ART TOUR

The picturesque landscapes of the Driftless Area in southwest Wisconsin have long served as a wellspring of inspiration for artists across various mediums. This region is truly a haven for creativity. The inaugural tour in 2016 proved to be a resounding success, and by 2018, it boasted 20

studio stops featuring the works of 32 artists, supported by numerous local sponsors. The tour has since become a cherished tradition, scheduled for the weekend following Memorial Day, and is eagerly anticipated by both artists and art enthusiasts as a delightful way to herald the arrival of summer.

We eagerly anticipate this year's tour and the opportunity to celebrate the rich artistic tapestry of our community once again!
